Education

- Sant Longowal Institue of Engineering and Technology** 07/21 – 07/2025
Bachelor of Engineering in Computer Science | CGPA (till 6th Sem) : 8.36/10 (Equivalent to 75%) Punjab
- Govt. Polytechnic Raghopur, Supaul** 07/17 – 12/2020
Diploma in Electrical Engineering | CGPA : 8.16/10 (Equivalent to 74%) Bihar

Projects

StudyNotion [🔗](#) | [GitHub](#) [🐙](#) | *MongoDB, ExpressJS, ReactJS, NodeJS, Tailwind CSS, Cloudinary* 02/2024

- **Engineered** A fully functional Educational Web App with **3 dashboards** for students, instructors, and admins. Increased user engagement by 30% through interactive learning, **course management**, and **secure authentication**.
- **Spearheaded** the development of a comprehensive **admin dashboard** for **managing categories**, enabling instructors to launch **200+ courses**, and **track sales analytics**, contributing to a 40% boost in instructor engagement.
- Integrated **Razorpay** for **seamless payment**, ensuring **secure transactions**, designed a **responsive UI** boosting retention by 40%, and optimized **course management** with **RESTful APIs**, cutting administrative overhead by 25%.

Ecomzy [🔗](#) | [GitHub](#) [🐙](#) | *ReactJS, Tailwind CSS, Vercel* 07/2023

- **Engineered** a highly **responsive** and visually appealing **e-commerce web application** which resulted in a significant **50% enhancement** in overall **user experience** and achieved a remarkable **30% reduction** in **page load time**.
- **Integrated** comprehensive cart management features **product browsing**, **cart management**, and **real time total calculation**, these factors contributed to a noticeable uptick in customer satisfaction scores.

Sorting Visualizer [🔗](#) | [GitHub](#) [🐙](#) | *ReactJS, CSS, Vercel* 02/2023

- **Designed** and executed advanced sorting **functionalities** in different sorting algorithms which enhanced **user experience** by integrating a **customizable interface**, increasing user satisfaction ratings by 25% in testing phases.
- Algorithms featured: **QuickSort**, **MergeSort**, **Insertion Sort**, **Bubble Sort**, and **Selection Sort**, with advanced functionalities including **customizable array length** and **adjustable delay settings**.

Technical Skills

Languages: C++, JavaScript, HTML, Java*, Python*, SQL* **elementary level proficiency*
Developer Tools: VS Code, Git, GitHub, PostMan, MongoDBCompass, Vercel, Cloudinary
Technologies/Frameworks: React.js, Node.js, Tailwind CSS, MongoDB, MySQL*

Achievements

- Figured out **800+** Data Structures and Algorithms (DSA) **problems** across various **platforms**, ranking in the **top 1%** with a **coding streak** of **365+** days among **3000+** students. **LeetCode** **GeeksForGeeks** **CodeStudio**
- **Demonstrated** exceptional analytical and coding skills by ranking in the **top 10** on **GeeksForGeeks**, acquired a **score of 2000+**, which solidified a position in the **top 2%** of the college student body of all time.
- **Consistently** placed among the top **10-15%** in multiple LeetCode contests, out of **30,000+** participants.

Relevant Coursework

- Completed 100% a **Full Stack Web Development Bootcamp** specializing in **MERN**, boosting my learning by **85%** through comprehensive and well-crafted teachings, 90% positive rating from **10,000+** participants. **Certificate** [🔗](#)
- Design and Analysis Algorithms | Object Oriented Programming using C++ | Database Management System (DBMS) | Operating System | Computer Networks | Cyber Security | Computer Organization Architecture

Leadership / Extracurricular

Student Placement Representative (SPR) - PlaceCom [🔗](#) 08/2023 – Present
Collaboration Head

- **SPR** for the **2021-25 batch**, managing placement activities at **Traning and Placement Department of SLIET**.
- **Directed** a team of **25+** in a strategic **placement preparation program**, supporting over **2100 participants**, resulting in a **40% increase** in placement rates and a **25% boost** in campus recruitment activity.
- **Orchestrated** a high-impact **DISHA event** featuring an **EdTech influencer** with expertise in Big Tech and **founder** of an **educational platform** with over **2 million followers**, delivering industry insights to **1,500+** students.
